Standard Occupational Classification (SOC) Codes

The SOC system is used by Federal statistical agencies to classify workers into occupational categories for the purpose of collecting, calculating, or disseminating data. All workers are classified into one of 840 detailed occupations according to their occupational definition. To facilitate classification, detailed occupations are combined to form 461 broad occupations, 97 minor groups, and 23 major groups. Detailed occupations in the SOC with similar job duties, and in some cases skills, education, and/or training, are grouped together.

51.0801: The Clinical Medical Assistant I and Clinical Medical Assistant II programs at NTI prepare students for the occupations in the Standard Occupational Classification system below:

[31-9092.00 - Medical Assistants](#)

[43-6013.00 - Medical Secretaries](#)
