

**Best practices
for your bottom line.**

Two Day Exam Review & Workshop Certified Professional Coder

*This intensive training is led by our
PMCC CPC-Instructor and covers:*

- **Top CPC Exam Errors:** We'll provide a review of the most missed materials with question examples that relate directly to the most missed CPC exam questions from 2017 exam data
- **Exam Pacing:** A method of timing yourself throughout the exam so that you don't run out of time. Running out of time is one of the top reasons why participants fail the exam.
- **Question and Answer Analysis:** How to analyze questions quickly and eliminate the wrong answers and focus on choosing the correct answer- EVERY TIME!
- **Practice Questions, AAPC® Manuals, Frequently Asked Questions and Much More!**

SATURDAY & SUNDAY | JULY 21 & 22, 2018
