WHAT IS TITLE IX?

Title IX of the Education Amendments Act of 1972 is a federal law that states “No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving Federal financial assistance.”

Northeast Technical Institutes employees strive to help foster a safe and secure educational environment. Northeast Technical Institute has set in place an equitable and inclusive process that promotes mutual respect for all. This policy will apply to all students and employees, regardless of sexual orientation or gender identity. A violation of Title IX could result in disciplinary action, up to dismissal (student)/firing (employee) from the Institution.
